**WORLD ORPHANS SUMMIT FOR
VULNERABLE CHILDREN**

Nashville, Tennessee, United States of America

HOSTED BY

IN ASSOCIATION WITH

WELCOME

“We have set the global philanthropic stage for this historical event as The Stars Foundation USA, and The Stars Foundation International – Africa invite an exclusive group of First Ladies and dignitaries from the USA, Africa and the World to convene in Nashville, Tennessee”.

We would like to cordially invite you to attend this International Roundtable Summit pertaining to Orphans and the Vulnerable Children of the world. The following pages will outline the agenda and objectives of the event.

This is an opportune time for you to travel from New York City to Nashville, Tennessee as the General Assembly of the United Nations precedes this event. We welcome you to head south for Southern Hospitality at its best in the great State of Tennessee!

The Summit will be a round table discussion and forum of the core Youth and Children’s issues around the world and specifically in the countries of the attendees. We will strive to find partner service organizations, philanthropists, and church groups to align with the various missions of our First Lady guests.

Highlights of the summit include an exclusive celebrity studded Rhinestone Gala on September 28, at the Sonesta Hotel Nashville Airport. The Stars Foundation will invite some of Nashville’s greatest recording artists to perform along with sports icons, and Hollywood actors to welcome your visit to Nashville. The all-star celebrities have donated songs, celebrity memorabilia, and lifetime experiences to support the causes you represent. A silent auction will take place at the Rhinestone Gala with items from Dolly Parton, Kix Brooks, Vince Gill, Rebecca Holden, Brad Paisley, and numerous others.

The items will include Celebrity autographed Guitars, Gowns, a Signed quilt by Her Excellency Jewel Howard-Taylor benefiting the Jewel Starfish Foundation, and Celebrity Lifetime Experiences. Working with our Stars Foundation International-Africa office, we anticipate a very exciting and uplifting, and beneficial experience for those that are Destined for Greatness, as world changers whose passions are ignited to help the orphans and vulnerable children.

Throughout the Summit, we will be filming for our Hearts on Fire TV series, which will air in 83 countries around the world. Featured segments will be produced on location of our VIP guests and First Ladies, who wish to be interviewed to convey their message to more than 200 million households worldwide.

We know the issues of the youth are important to all of us, so kindly confirm your attendance early to ensure availability. We look forward to seeing you at the First Ladies Summit in Nashville!

God bless you and safe travels,

Sincerely,

CHERYL ROBESON PIGGOTT, CEO

A

GOAL # 1
No Poverty

B

GOAL # 2
No Hunger

C

GOAL # 3
Better Health
and Well Being

D

GOAL # 4
Better Education for All

E

GOAL # 16
Peace and Justice

OUR MISSION

Our purpose is to provide resources of spiritual inspiration, medicines, clean water, nutritional food, and agriculture in collaboration efforts with supporting partnerships.

KEY BELIEF # 1

KEY BELIEF # 2

Cultural exchange of ideas is most important.

We have created this Summit to provide ways to help solve the global issues for orphans and vulnerable children. It is a catalyst event meant to become more of a movement through high profiled celebrities engaging in the media to take the messages out to the airways and social media. It is a drop in the bucket to what needs to be done, but it is that first drop of the pebble in the river that creates the ripple effect.

KEY BELIEF # 3

“It is a drop in the bucket to what needs to be done globally, but it is that first drop of the pebble in the river that creates the ripple effect”...

Cheryl R. Piggott

\$USD 114,000,000

Cheryl Robeson-Piggott, Founder of The Stars Foundation, and World Orphans Day, has been advocating for orphans and vulnerable children for decades. World Orphans Day is Monday, November 11, 2024. World Orphans Day is recognized in countries around the world on the second Monday in November annually.

The Stars Foundation is an entertainment based 501(c)3 organization based out of Nashville, Tennessee, dedicated to raising awareness for the plight of children, orphaned, and/or displaced by poverty, war, diseases, and natural disasters. We provide humanitarian aid through aligned partnerships. We have successfully assisted in distributing over \$USD 114, 000,000 in goods-in-kind for charities in numerous African, Caribbean, and Central American countries over the past decade.

We are comprised of entertainment executives, dignitaries, and celebrity ambassadors, desiring to impact the world for the most vulnerable children. The Stars of music, Hollywood, sports, and government public service, rally around our causes to impact our campaigns in ways they can, regardless of their tremendous work schedules. We are so grateful for the awesome support we have had over the years from so many highly influential compassionate heroes!

The Stars Foundation makes media value donations to other partnering organizations which support our events, campaigns, and missions for the orphans. We provide media and public awareness that is necessary to fuel their mission. By combining international television and radio exposure, intermixed with our Star Power, The Stars Foundation brings a unique, strong advocacy agenda to champion the humanitarian needs of children.

GLOBAL PATRON

HER EXCELLENCY JEWEL HOWARD-TAYLOR

takes on new Humanitarian Title for World Orphans Day.

The Stars Foundation is pleased to announce, Her Excellency Dr. Jewel Howard-Taylor has accepted the role as Global Patron for World Orphans Day. Madame Taylor will also serve as Honorary Chair for the First Ladies Summit for Orphans and Vulnerable Children being staged in Nashville, Tennessee, USA.

Fr. Vice President Dr. Jewel Howard-Taylor has left an indelible mark on history as the first woman to serve as First Lady, Senator (twice), President of the Agricultural Cooperative Bank, and Vice President of a Country. As the first woman to hold positions of First Lady and Vice President, Her Excellency has become a symbol of hope and inspiration to women worldwide.

Her passion for women and girls' empowerment has elevated her world stature as a champion for their rights to education. Madame Taylor served as the facilitator of the Task Force for Humanitarian Aid in her country of Liberia. Her Excellency was recently awarded the Heroes of Humanity Award by Cheryl Robeson-Piggott, CEO of The Stars Foundation and Founder of World Orphans Day.

Her Excellency's legacy for educating women will long serve as a vehicle of change and progress for the world. Madame Howard-Taylor has supplied education to more than 50,000 young girls over the course of The Jewel Starfish Foundation's 23-year history.

Destined for Greatness Conference, Hearts on Fire Television
filming process Monrovia, Liberia, December 2023
